**“EVERYTHING ABOUT THIS COOLER
IS SUPERIOR FROM PERFORMANCE TO
APPEARANCE”**

- One-piece, roto-molded polyethylene construction is extremely durable
- Constructed of food-grade material that is dry ice compatible and UV resistant
- A minimum of two inches of YETI®'s polyurethane foam throughout the cooler body (3" in the lid) provides superior insulation
- Freezer-style sealing gasket locks in the cold
- T-latch keepers are molded into cooler body which can't fail
- Full-length, self-stopping hinge can't hyper-extend and break
- Padlock holes are molded into cooler body and lid
- Non-slip, non-marking rubber feet help keep the cooler where you put it
- Nylon rope and textured grip handles make carrying easier
- Recessed drain plug and rubber washer guarantee leak-proof reliability
- Tie-down points are molded into the cooler body for solid mounting
- Dry goods rack included, prevents soggy sandwiches

“I never really knew there was such a big difference in the quality and effectiveness of a cooler until I got a YETI®. Makes all my other coolers seem very temporary.”
